

BOUGUER ANOMALY MAP of THE COLORADO DELTA REGION

EXPLANATION

- Fault from surface evidence
- Dashed where inferred
- Fault based on geophysical evidence
- Gravity contours
- Gravity low
- Gravity contour interval two milligals
- Gravity stations
- Location of seismic profile
- Location of gravity profile
- Abandoned well drilled for oil or gas
- Location of faults taken from Dibbie (1954) and Ulrich (1941)
