

GEOLOGY OF THE HONEYBROOK ANORTHOSITE, PENNSYLVANIA

- LEGEND
- Sedimentary Rock**
- Chickies quartzite Ec
- Igneous Rocks**
- Metadiabase dikes //
  - Pegmatite dike /
  - Anorthosite an
  - Anorthosite border facies vnb
  - Intermixed quartz-monzonite, anorthosite and hybrid rocks gah
  - Quartz-monzonite qm
- Geologic contact**
- Known
  - Inferred
  - Hypothetical
- Fault showing relative displacement**
- Known
  - Inferred
  - Hypothetical
- Attitude of foliation**
- Known /
  - Inferred /
  - Hypothetical /
- Outcrop**
- 
- Specimen locality for thin-section**
-
