-------------	------	-------	-------	--------------	-------

**Notes:**

- \* dates and times are given in local time: UTC +7
- (1) close-up of late 2002 and late 2003 diedowns
- (2) background shows other microatolls of the BUN-3 population
- (3) BUN-4 is behind BUN-5 in this view
- (4) BUN-4 is in front of BUN-5 in this view
- (5) BUN-4 is to the left, BUN-5 is to the right
- (6) background shows other microatolls of the BUN-7 population
- (7) view of the upper crown and outer brim
- (8) the rough, concave surface of the upper crown suggests an unseen portion was chiseled off prior to our visit
- (9) part of the outer brim has broken off from the rest of the head
- (10) view of inner head, including upper crown
- (11) view toward outer side of inner head
- (12) view toward outer side of inner head, showing the outer brim
- (13) the upper crown has sustained substantial (perhaps ~30 cm) erosion
- (14) unslabbed microatolls of the BUN-7 population are adjacent to BUN-9
